

Warning Signs of Hereditary Breast and Ovarian Cancer

If you or any family member has had:

- ovarian or fallopian tube cancer at any age
 - breast cancer at age 50 or younger
- breast cancer in both breasts at any age
 - both breast and ovarian cancer
 - male breast cancer

If more than one family member on the same side of the family has had any of these cancers:

- breast cancer
- ovarian or fallopian tube cancer
- prostate cancer
- pancreatic cancer
